Las year, we have organized 13 events, but we have some events later in the year which would normally happen earlier, like Night with Andersen.

Events I have managed:

Snow camp was successful and due to significant discount we have received from RAL brought a small profit for the club of \$295. The capacity of camp is 31 and regardless of small snow storm we were able to ski all 3 days. Snow camp has a huge educational benefit as children are submerged in total immersion of Czech Language. Snow camp attracts families from all North Island of New Zealand.

Pig roast: was a successful event regardless of wet weather, attracted 59 adults and 33 children. We have had a good feedback about the location, taste of the pig and organization. The event had \$200 profit.
