

12th AGM 2024

Annual report for Česká školka Playgroup

There is no such Playgroup any more as not many preschool children are interested in regular sessions, however we do occasional events outdoors which have proved very popular with all aged children, 1 year old to teenagers. The average attendance is about 16 children with the same amount of adults. Those sessions are usually structured as treasure hunts Czech style (šipkovaná) in various locations. Te Puna Quarry Park, McLarens Park, Puketoki Reserve or Otane Wainuku. Little children also benefit from other Club events such as Puppet show, weekend camps, Mikulas, Easter or Burning witches. Children have a chance to meet up with friends, complete Czech written tasks and be accompanied by Czech/Slovak speaking adults. I would love to continue this errand in the upcoming months as it is vital to keep our heritage going for our younger ones.
